ONE COUPLE'S EXPERIENCE

(THAT MADE US BLUSH A LITTLE)

"We had the pleasure of having our wedding at Infernos on Academy in September 2015. Chris and his staff were absolutely amazing; they truly went above and beyond to make our day perfect. They were so upbeat and shared in our excitement, and they ensured that nobody's glass ever went empty. In keeping with Inferno's usual high quality, all of the guests said that the food was delicious and by far the best they have ever had at a wedding. The restaurant is beautiful, so we didn't need much decor, and the staff was great about rearranging the room to suit the event, and coordinating with our other vendors. Chris was accommodating and gracious at every turn, and a pleasure to work with. The staff made it look easy so I could just relax and enjoy the day (and the lobster potstickers!) I will think of InFernos on Academy again every time I need to host an event in future, and would strongly recommend anyone to have their wedding there."
